KubotaNOW TELEMATICS

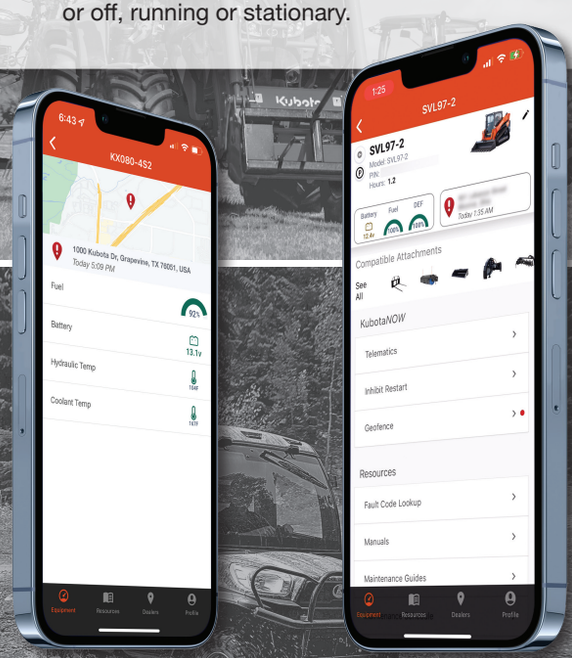
GPS
Keep tabs on the location of your machine.

GEOFENCE
Create digital boundaries and get notified anytime your machine enters or leaves that boundary.

RESTART INHIBIT
Secure your machine by remotely preventing your machine from being started.

ALERTS
Receive real-time notices and important notifications when your machine is being transported, enters or leaves a geofence, is due for maintenance, and more.

MACHINE VITALS
Know what is happening with your machine at any time. Battery, fuel and DEF levels, coolant and hydraulic oil temperatures, even if it's on or off, running or stationary.



KubotaNOW Telematics features are only available with KubotaNOW telematics-equipped machines.
* KubotaNOW features may vary by model.
